For this block, assemble sections, then stitch those sections together to complete the block. Every time you put two pieces together, the right sides of the fabric should be facing each other. Trim and press as you go.

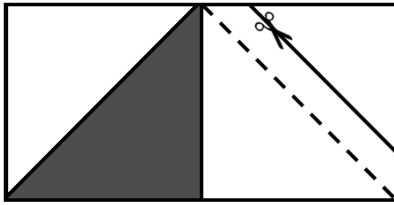

Draw a diagonal line on the back of all F pieces.

Begin by matching one F to every piece A. Stitch along the line, then trim and press. Set six of those squares aside for section 4.

For section 1, lay out all remaining FA squares as shown in the diagram. Sew each horizontal pair together. Sew those pairs into a vertical row. Add piece G at the upper edge.

To begin section 2, sew one F to one C on the upper right corner with the line running upper left to lower right. Trim and press. Sew a second F to the opposite corner with the line lower left to upper right.

After completing that unit, add B, C, and a second B to match the diagram.

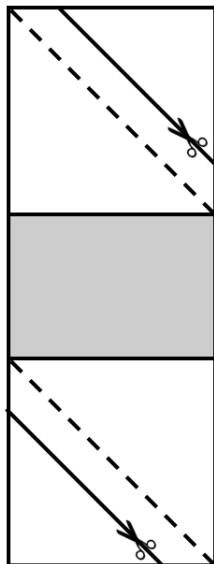

Sew section 1 to section 2. Add section 3, which is a single H, to the right. Set aside.

Gather the six FA squares and sew into horizontal pairs, then a vertical row to make section 4.

For section 5, stitch one F to one B on the upper right corner with the line following the diagram. Trim and press, then sew a second F to the left corner. Repeat the process with two F and one C for the bottom edge. Stitch the FBF to one C, add B, another C, another B, and finish with the FCF unit.

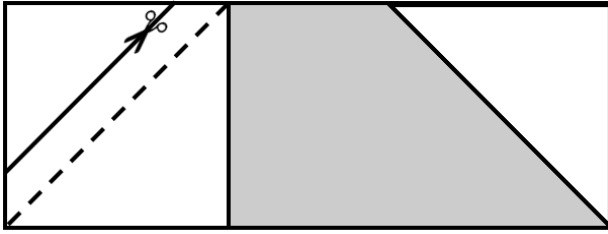

Sew section 4 to section 5. Add that to sections 1 through 3 that you already assembled. Sew section 6, a single H, to the right. Set aside again.

To start section 7, sew one F to the upper right corner of one D. Sew a second F to the lower left corner.

For the second D, sew one F to the upper left and one to the lower right, so it's opposite the first. Sew one I to the upper edge of the left-hand FDF. Sew one I to the upper edge of the right-hand FDF. Join the units by sewing J between the two.

For section 8, sew one F to the upper right and one to the upper left.

Sew section 7 to section 8, then add it to the rest of the assembled block as shown.

Once your mug is finished, continue to the Mug Handle Assembly instructions. After adding the handle, sew both pieces V above and below the mug.

Transfer the April Bunny embroidery design to your block and stitch with perle cotton. Use a backstitch for the whiskers and satin stitch for the eyes and nose. Be sure to take into account the seam allowance at the bottom edge when placing your design.
