For this block, assemble units, sew into sections, then stitch those together to make the heart. Every time you put two pieces together, the right sides of the fabric should be facing each other. Trim and press as you go.

Assemble the sections in order and sew them together as directed. This one essentially comes together in rows.

To begin, use a disappearing fabric marker to draw a diagonal line on the back of each piece I, J, and one L.

To create section 1, sew pieces A, C, and F side by side. The upper and lower edges should be even. Stitch one I to the upper left corner of A, along the line in the direction shown. Repeat with a second I on the upper right of F. Stitch J with the line running from the lower right up and to the left, diagonally across all three strips. Trim away the excess corner below the seam.

For section 2, sew one I to the top and one to the bottom of the remaining A, along the lines in the directions shown.

Sew section 1 to section 2. Add section 3 (piece K) at the bottom edge. Set aside.

Sew D to G to begin section 4. Sew one I to the upper right of G, along the line in the direction shown. Sew L to the lower right in the same manner, diagonally across both strips.

For section 5, stitch one I to the upper left corner of B, with the diagonal line as shown. Trim and press the seam. Stitch the next I to the upper right. Trim and press that seam. Sew the next I to the lower right. Trim and press, then stitch one more I to the lower left, then trim and press the final seam. Sew L to the bottom of the unit to complete.

Sew section 4 to 5. Set aside.

Section 6 is sewn in the same manner as 5, using piece E, four pieces I and N.

To make section 7, sew one I to the upper edge of H with the diagonal line as shown. Trim and press the seam. Sew a second I to the lower edge. Add the remaining I to the top edge to finish.

Sew section 6 to 7, then add 8 (piece M) to the upper edge.

Complete the mug by sewing the completed 1, 2, 3 to 4, 5 then add 6, 7, 8.

Once your mug is finished, continue to the Mug Handle Assembly instructions. After adding the handle, sew both pieces V above and below the mug.
