For this block, assemble units, sew into sections, then stitch those together to make the heart. Every time you put two pieces together, the right sides of the fabric should be facing each other. Trim and press as you go.

Assemble the sections in order and sew them together as directed.

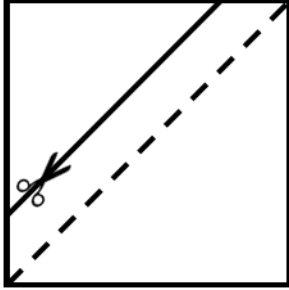

To begin, use a disappearing fabric marker to draw a diagonal line on the back of each piece B (light green) and D (white).

To begin section 1, sew one D to each corner of A along the diagonal lines with the direction of the lines following the diagram. Trim, press, then sew one E to the left and one to the right.

For section 2, sew one D to the upper left, lower left, and lower right corners of A, along the diagonal lines. The direction of the lines should follow the diagram. After trimming and pressing, stitch F to the lower edge.

Make section 3 in the same manner, but sew D to the upper right instead of upper left. Sew F to the lower edge.

To make section 4, stitch one B to each C along the drawn lines.

After trimming and pressing, stitch the squares into a row as shown.

Sew section 2 to 4, then add 3 on the right. Add section 1 to the upper edge.

Once your mug is finished, continue to the Mug Handle Assembly instructions. After adding the handle, sew both pieces V above and below the mug.
