For this block, assemble sections and rows, then stitch those together to make the pumpkin. Every time you put two pieces together, the right sides of the fabric should be facing each other. Trim and press as you go.

To make section 1, draw a diagonal line on the back of two pieces I. Sew one to the upper edge of A and one to the lower, with the lines following the directions in the diagram. Stitch F on to the left.

Stitch one piece B and one A side by side for section 2.

Start section 3 by drawing a diagonal line on the back of one piece D. Stitch that to one E. Stitch to the upper edge of C, with the diagonal seam following the direction shown in the diagram.

Draw a diagonal line on the back of one D, then stitch to the top of A to complete section 4.

For section 5, draw a diagonal line on the back of two pieces I. Stitch one to the upper edge and one to the lower of A. Add B to the left and F to the right to complete the section.

To begin section 6, draw a diagonal line on the back of three pieces I. Sew each of those to one E. Arrange the units, along with three more pieces E, as shown in the diagram. Sew the three upper squares into a row. Sew the three lower squares into a row as well. Stitch the two rows together, matching the seams. Add G to the left side to complete the section.

For section 7, draw a diagonal line on the back of one piece I. Sew that to D. Stitch that unit to the righthand side of one D. Add H at the upper edge. Stitch G to the right to finish.

Assemble the sections by sewing 1 through 5 together, left to right. Stitch 6 to 7, then add that to the upper edge of 1-5.

Once your mug is finished, continue to the Mug Handle Assembly instructions. After adding the handle, sew both pieces V above and below the mug.

Transfer the October Pumpkin embroidery design to your block and stitch with perle cotton using a backstitch.
